

ZUP

Zero Unplanned Pregnancies

For your special consideration

[personalization possible here]

a charitable opportunity of major importance,
affecting women's reproductive health care in Connecticut

WILL

YOU

HELP?

“Will you help?”

Three beautiful words, yes?

Three of the most important words for Planned Parenthood of Southern New England, we can tell you.

In Connecticut, the record of strong women standing up and demanding their rights is ~~among~~ the **best in the nation**.

PPSNE is strong because our never-settle-for-second-best family of supporters makes sure that PPSNE remains at the forefront of women’s health care and rights in the America ... and an example to the world.

PPSNE is halfway into a huge advance for women's health care in Connecticut.

Hence: ZUP.

But reaching every teen and youth we hope to reach through the ZUP initiative will incontestably require your help. Investors wanted. Serious world-changers only.
